

Dear friends and family, we hope you are doing well together with your family,

Centro Palabra de Vida

Every day we have the opportunity to see how God is working through many different ways in life. Today we would like to share with you how God is working here in Oaxaca, and how we are learning to do the work that He is giving us. Before that, we want you to receive greetings from our family and friends that are working along with us here in Mexico.

As you know now it is more difficult to do many of things we were doing before COVID. We changed a lot things and learned to do things in a different way. Here in Mexico, we still have not been able to go inside of any jail or prison because of COVID but thanks to God we

keep in contact with the leaders of the church from inside of prison. We tried to find a new way to keep teaching them how to read the bible and teaching others to share the gospel

with the rest of the population. My wife and I are working together. God put the desire on our hearts

to follow a vision that we believe He gave us and it is to make sure that every prison and rehabilitation house will have a the chance to provide a bible to the men and women that are getting rehabilitated.

Many of you know that I was a part of IFI a Christian program in prison that was provided by Prison Fellowship. There God gave me the chance to prepare myself. For the last three months, Prison Fellowship has helped us with many of the bibles that we are giving to the prison ministries and to the rehab houses that we are working with.

God is opening doors for us to be able to share the gospel with others and to be able to provide His living word for the men and women that are in some process of recovery. In the past three months, we were able to provide more than 300 bibles to five rehab houses, and three different prisons.

For the last 17 years I have been working doing ministry and it is an honor for me and my family to be able to do His will and to bring the good news of our Lord Jesus and the message of salvation from the One the who died for our sins.

Last month I had the opportunity to go to the sierra of Puebla and work with E3 ministries that, here in Mexico, it is directed by Lyle Smith from Texas. We went to a community whose name is Jontla. Our vision and goal was to share the gospel in all the town and invite the people to give their lives to the Lord. It was really good to see that people still in

need know that we have a God that cares for us and that He sent His son to die for us so we can have in eternal life in Him. At the end of our week we see the results and it was amazing. I am sharing with you the number so you can pray for those lives and for the pastor of that place because they have to do a follow with these new believers.

It is a blessing to be able to feel useful to God and to do what He wants me to do along with my family.

We thank God for your lives and we thank you for all your prayers and the financial support that you are sending us. You are helping us to accomplish the great command that God is giving us. Please keep praying for us, for our lives, and for those that God is putting in our way to share the gospel, that they will have a willing heart and open ears.

If anyone would like to donate more bibles it will be a blessing for us, now we have people that work in rehab houses and in prison ministries that are asking us for help with bibles. It will be great for us to be able to help so that every inmate in prison has access to the word of God and the men and women that are in some type of recovery, too.

May the love of God be with all of you and your love ones.
